

MADE IN AUSTRIA

Brevillier's CRETACOLOR®

Cretacolor, Vienna. A Passion For Pencils.

Art Material

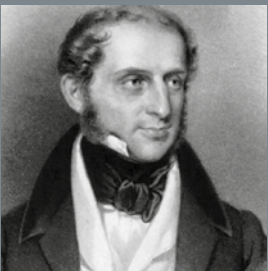

CRETACOLOR.

*A brand with tradition,
passion and character.*

The brand CRETACOLOR by Brevillier Urban & Sachs combines the ambition of two individualists: Carl Brevillier and Hans Wolfgang Hromatka.

Carl Brevillier

Hans Wolfgang Hromatka

1863 the industrialist **Carl Brevillier** founded the Zeus graphite pencil factory, which opened writing and drawing to a large audience. The wealth to do this came from industrial production of screws and rail cars. But the true passion of Carl Brevillier was the arts. Because writing supplies such as feathers or graphite pencils were – back in the days – mostly handmade, of poor quality and at the same time very expensive, his goal was to produce high quality tools for people who wanted to write or draw. This resulted in a lot of people being able to get inspired by art who couldn't afford the necessary tools until then. This was the first important step towards the evolution of the modern Brevillier pencil.

With the purchase of the „Pencil Factory Hirm“ in 1996, **Hans Wolfgang Hromatka** managed to combine his passion and work and at the same time prevented the shutdown and closure of the company. By the end of the 1990s the earnest collector of old pencils continued this historical brand under the name CRETACOLOR.

After that, CRETACOLOR grew to become a premium brand in high quality art material all around the world. In 2008 through the acquisition of Brevillier Urban, the company holding the legacy of Carl Brevilliers pencil factory, Hans Wolfgang Hromatka obtained the know-how to make art materials even more efficiently.

At his request, the name of Brevillier was added to the CRETACOLOR logo and through that, the company Brevillier Urban & Sachs was born.

CRETACOLOR.

*A brand with a sense
for sustainability.*

Tradition is of a high significance for CRETACOLOR. Combining sustainable production, innovative technologies and a high level of creative diversity.

Thus the brand targets all artists, who prefer working with high quality art materials, which allow them to work with a wide range of different techniques in drawing, sketching and painting.

Sustainable production

Sustainability and protecting the environment are number one priorities at CRETACOLOR.

More than 60 % of the energy that is being used in production comes from renewable sources, mainly wind power energy, which over the years led to the reduction of several thousand tons of CO2 emissions at Brevillier Urban & Sachs.

Furthermore the company has a focus on using wood from sustainable forestry as well as water-based lacquering to actively push the environmental agenda even further.

Certified wood

Environmental protection

Cretacolor, Vienna. A Passion For Pencils.

CRETACOLOR.

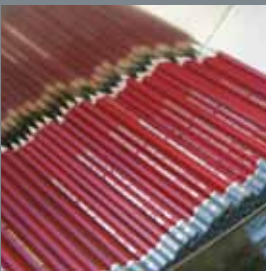

*A brand for innovation
and creativity.*

Living Tradition & Innovation CRETACOLOR, as the only Austrian manufacturer of arts supplies, is able to work with centuries of experience and tradition and stands for high quality products.

Selected material

Premium production

High color intensity

The brand manages to win over beginners as well as professional artists from all over the world, by combining products in a great variety of different sized sets.

The passion for pencils is deeply instilled in the heart of the company. Not only its founder, Hans Wolfgang Hromatka, but all its employees live by the motto „A Passion for Pencils“ every day. This passion fuels the wish to continuously work on improving and expanding the CRETACOLOR assortment to suit the demands and needs of its customers. Great innovations, like the revolutionary Monolith Graphite and the Aqua Monolith, who both received the renowned Design Plus Award, make CRETACOLOR such a unique brand.

Creative Variety

CRETACOLOR has a wide assortment of products and supplies to work with a great variety of different techniques and to achieve creative diversity. All products contain extensive know-how and are especially known for its intense colors, a rich and soft upstroke as well as

excellent lightfastness ratings. Through that, CRETACOLOR not only manages to stay ahead of competition but serves artists all over the world as a source of inspiration.

„A Passion For Pencils“ – not just a slogan!

ARTIST'S PENCILS

About Sanguine, Sepia & Co.

The heart of Fine Art! These classic fine art materials guarantee a high quality, lightfast stroke due to their rich pigmentation. Both in pencil and lead form, these products are extremely well suited for sketching and drawing as well as for experimental techniques. Really beautiful effects can be achieved by mixing and smudging various products and excellent results can also be created by using different kinds of paper.

Charcoal

Charcoal is distinguished by its uniform, smooth, intense black stroke. Available in three grades.

Black Chalk

Black Chalk is ideal for sketching and drawing. Use alone or mix with water and combine with Sanguine, Sepia and other pastel products. Available in a medium hardness.

Nero

Nero produces a shiny black, smudge-proof stroke. It is oil-based and, therefore, water-resistant. Available in five different grades.

White Chalk

White Chalk is excellent for combining with Charcoal, Sanguine and Sepia, and for lightening color tones. Available in two different grades.

Sanguine Oil

Sanguine oil produces a shiny, smudge-proof stroke. Due to its waxy components, it is water-resistant. Available in medium grade.

Sanguine Dry

Sanguine dry is a traditional medium for sketching and drawing. It produces a dry, blendable red/brown terracotta color. Recommended especially for combining with Pastels and Charcoal. Available in medium grade.

Sepia Light and Dark

Sepia light and dark lend themselves very well for combining with Pastels and Charcoal. Available in medium grade.

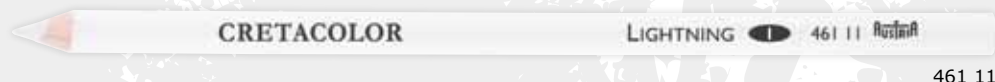

Thunder Pencil

The soft-ledged Thunder Pencil is for darkening, for creating dramatic shading and for enhancing dark areas.

Lightning Pencil

The Lightning Pencil is indispensable for brightening areas and adding light spots and so is ideal for obtaining photorealistic effects, offering limitless possibilities for working in layers and for smudging work including the use of oil-based media.

MONOLITH, GRAPHITE & CHARCOAL

For generations CRETACOLOR Graphite Pencils have earned an outstanding reputation for quality. The casing guarantees the highest strength. Our range of 20 grades from 9B (softest) to 9H (hardest) covers the full range of fine art, illustration and graphic applications. For those looking for exclusive sketching and writing design we have the perfect tool: Monolith Graphite! This woodless pencil is pure graphite with only a thin lacquer covering. Artists are thrilled by the broad and fine strokes that can easily be achieved with only one pencil. Six different grades (HB to 9B) satisfy the broad spectrum of graphite application, and each degree is easily sharpened. In our Monolith line you will find several combinations – ideal as gifts!

MONOLITH GRAPHITE

The Monolith Graphite woodless pencil is a pure graphite stick protected by a thin lacquer coating. Broad and fine strokes can be applied with equal ease. Sharpen with a regular sharpener (we recommend the Monolith Sharpener, item no. 430 24). Economical to use. Available in six degrees: HB, 2B, 4B, 6B, 8B, 9B. The water-soluble Monolith Graphite pencil 4B is especially suitable for watercolor painting, either as a pure graphite wash or for outlining watercolor drawings.

406 02

CHUNKY GRAPHITE

Chunky Graphite is an oversize graphite stick that produces a bold, extra-soft stroke. Ideal for large-scale drawings.

409 00

CHARCOAL

Sketching Charcoal Sticks

Whether sketching, outlining or combining with pastels, there are no limits when using Sketching Charcoal. Achieve amazing effects by smudging the strokes or by dissolving Charcoal shavings in water.

Nero Sticks

The Nero Stick produces a very shiny, smudge-proof black stroke. Due to its oily content, it is also water-resistant. Its shape lends itself to large-area drawing.

Compressed Charcoal Sticks

Compressed Charcoal produces a smooth, even and intense black stroke. Available in three grades.

Natural Charcoal

Natural Charcoal is made by burning willow wood in airtight containers. Ideal for sketching. Available in 4 different diameters, length 130 mm, in different pack sizes.

Chunky Charcoal

Chunky Charcoal is an extra large, round piece of compressed charcoal, which produces a smooth, intense black of exceptional depth and tonality. Perfect for large-scale drawings and sketches.

Chunky Nero

The oversize Chunky Nero produces an intensely black, shiny stroke which is smudge-proof and not water-soluble. Its chunky size means that it is comfortable to hold and is ideal for large-format drawings and sketches on any paper.

AQUAGRAPH & GRAPHITE AQUARELL

The AquaGraph is a high quality water-soluble fine art graphite pencil with color accent. The AquaGraph with its rich and soft stroke accomplishes strong water-color highlights in graphite drawings. Techniques: spraying, watercolour highlights in graphite, Mixed Media – dry and wet.

Water-soluble Graphite Pencils

The water-soluble Graphite Pencils are suitable for sketching and drawing – great effects can be achieved by smudging and watercoloring. The lead abrasion from the tip is also water-soluble and can be reused. The color can also be taken directly from the lead with a brush and applied to the paper. Very nice color gradients can be achieved by blurring. Watercolor painting with a brush or working on wet paper – great results thanks to excellent water solubility.

180 99

WATERCOLOR GRAPHITE POCKET SET

ART CHUNKYS AND ARTIST'S POWDERS

Art Chunky is a 18 mm diameter colored charcoal stick, available in 10 earthy tones. Art Chunky is complemented by Chunky Charcoal Chunky Nero and Chunky Graphite sticks, available in the same large 18 mm diameter. Art Chunky is exceptionally water-soluble and therefore allows numerous drawing and painting techniques. Fixing is necessary upon completion. Apply on any type of drawing paper, including pastel paper, printing paper, watercolor paper, velour paper and also gesso-primed surfaces. Ideal for all types of drawing techniques including blending, stencilling as well as mixed media painting and watercolor.

ART CHUNKY

Art Chunkys are oil-free, oversize charcoal sticks, which make large-surface drawings especially easy. Available in 10 earthy colors. Supplied as single colors and in assorted sets (see color chart).

HARD PASTELS

These unburnt pastel sticks yield a rich color laydown due to the high pigmentation of their colors, which are exceptionally lightfast. All colors are blendable, can be smudged or dissolved with water. The pastels produce a velvet-soft, oil-free stroke. Supplied in single colors and in sets. Available in 72 vibrant colors (see color chart).

HARD PASTELS

- Oil-free water-soluble pastels
- Highly pigmented, brilliant colors
- Extraordinarily lightfast (LF2)
- Use on edge for detail or on the sides to create broad strokes
- Fixing is recommended upon completion
- For use on grained, tinted and velour paper
- Available in sets of 12, 24, 36, 72 and individually

WOODLESS AQUARELLE PENCILS

Aqua Monolith is a solid watercolor stick protected only by a thin film of lacquer that matches the pencil's color. Users are captivated by its soft strokes and rich color laydown. Bold, large-scale applications of color or fine detail work are possible with the same pencil. Supplied in single colors and in sets. Available in a rich spectrum of 72 vibrant colors (see color chart).

WOODLESS AQUARELLE PENCILS

- Fine Art quality watercolor pencil
- Solid water-soluble stick wrapped in a lacquer coating
- Smooth color laydown
- Highly pigmented for rich and luminous colors
- Use point for fine detail or edge for bold, sweeping marks
- Low waste – shavings can be mixed with water to create gouache
- For use in watercolor, drawing, blending, mixed media
- Available in sets of 12, 24, 36, 72 and individually

WATER-SOLUBLE BLOCKS OF COLOR

Aqua Brique is a solid water-soluble block of color which can be used on various surfaces, e.g. paper, canvas, wood, etc. It will also adhere to smooth surfaces like plastic, glass, etc. Aqua Brique is exceptionally lightfast even when used as watercolor and conforms to the three best out of five lightfastness categories LF1 to LF 3 (see color chart). The special pigments guarantee brilliant colors and exceptional water solubility.

The block form enables easy picking up of the color with a brush as well as large-format drawings by hand. Aqua Brique is suitable for a multitude of techniques: classic watercolor drawing, sketching and large-format drawing, sgraffito, blending, frottage, etc.

AQUA BRIQUE

- Fully water-soluble
- Highest quality pigments for smooth color laydown
- Easy blending for layered effect
- Highest lightfastness rating – categories LF1 to LF3
- For use on paper, canvas, wood, glass, mirrors
- For use in classic watercolor, sketching and drawing, sgraffito, blending, rubbing, monoprint
- Available in a set of 10

WATER-SOLUBLE OIL PASTEL STICS

Aqua Stics are oil pastel sticks of exceptional water solubility, high pigmentation and rich color laydown. In addition to their extra softness and brilliant colors, they score with their excellent lightfastness. All Aqua Stic colors are rated either in categories LF1 or LF2 out of the five categories (see chart). They are highly recommended for numerous applications, such as watercolor, encaustic and sgraffito and can be used on various surfaces, e.g. paper, cardboard, canvas, wood, leather, glass and mirrors. Supplied in single colours and in sets. Available in 40 colors (see color chart).

ACCESSORIES

What would artistic work be without the small helping tools from CRETACOLOR! Carefully selected accessories support and enrich the artist material, unfold the whole potential and open doors for new opportunities and creative processes. Take our Aqua2Go water brush as an example: water and brush with you on the go at all times.

ARTIST'S SHARPENERS

Our Artist's Sharpeners make working with Artist's and Pastel Pencils (Sanguine, Sepia, Charcoal, White and Black Chalk, Fine Art Pastel) an absolute pleasure. Well-sharpened points are essential for achieving fine lines and working on details. Replace sharpeners or blades regularly for best results. Available in two versions.

430 07

430 10

430 24

MONOLITH SHARPENER

The correct sharpener to use when working with Monolith Graphite. Shapes points perfectly to make possible the finest strokes.

AQUA STIC SHARPENER

with container

This cylinder sharpener is especially made for Aqua Stics to achieve the required tips.

430 23

MEGA DUO SHARPENER

Suitable for mega pencils up to a maximum pin diameter of 10 mm. Second pointed cone for commercially available graphite and colored pencils. Optimal dust protection by repositioning the cover by 180°. Transparent lid shows when the sharpener needs to be emptied.

430 25

POLISHING LEATHER

Soft and pliable, excellent for blending and smudging, or for adding or removing color while working with charcoal, artist's powders or any other dry products.

430 19

LEAD HOLDERS

for 5.6 mm leads

A lead holder makes working with 5.6 mm leads much easier. It protects the leads from breaking and keeps hands clean. Comfortable to grip, choose from various forms to find the one that suits your needs best. Individually packed.

Each Lead Holder comes with a 2B Graphite Lead!

430 00

430 12

430 15

430 16

CHALK HOLDER

for Pastel sticks

This metal chalk holder enables cleaner working with pastel sticks and prevents them from breaking.

430 03

DELTA DRAWING PIN

Extra-hard three-sided Drawing Pin for fixing silk or paper on cardboard or wood.

430 11

PENCIL CAP

This stylish metal cap protects the tip of your favourite pencil. It is especially suitable for use with Monolith Graphite pencils.

PENCIL EXTENDER

Used for lengthening or enhancing your favourite pencil, this striking pencil extender comes in a hand-designed silver and white marble pattern and is fitted with a metal clamp for holding the pencil firmly. It is especially suitable for the Monolith Graphite pencil.

430 22A

SILVER POINT PENCIL

The traditional Silver Point Pencil is used for working very fine lines in chalk/pastel drawings. Also suitable for scratching work (sgraffito) with Oil Pastels.

430 08

PAPER STUMPS

Paper Stumps or blending sticks are used for blending. They are helpful in smudging pastel and charcoal strokes and for coloring small areas with lifted color. Available in three diameters.

430 06

430 09

430 05

PAPER STUMPS SET

This set consists of an assortment of 5 paper stumps in different diameters – 12 mm, 9 mm, 7 mm, 6 mm and 4 mm.

430 33

LEAD SHARPENING BOARD

The Lead Sharpening Board makes shaping of leads and pastel sticks childs' play. It consists of 12 sheets of sandpaper, each with a 25 x 100 mm sharpening area.

430 04

ARTIST'S ACCESSOIRES SET

For blending and shading of pastels, charcoal and graphite. The set contains paper stumps size 5 mm and 15 mm, wrapped paper stumps in sizes 5 mm, 7 mm and 8 mm, a lead-sharpening board, a polishing leather, a kneadable eraser and a metal eraser stencil.

430 14

SANDPAPER

Sandpaper is the traditional alternative to the artist's sharpener for achieving easy shaping of all artist's pencil economically. Simply place tip and pencil barrel flat on the sandpaper and drag the pencil across it, at the same time turning the tip frequently. One envelope contains 3 pcs. of sandpaper incl. instructions.

WOODEN BRUSH BOX

Exclusive wooden case with comfortable carrying handle for storage and transport of brushes – for easy and fast access. Extra-long format, brass-closure and brackets.

430 37

ROLL-UP CASE

The Roll-Up case offers space for up to 48 artist's pencils with a diameter of up to 10 mm. Furthermore accessories like erasers, kneadable erasers, sharpeners, brushes and more may be kept in the compartment case which can be easily removed or reattached by touch fastener.

430 40

ARTIST'S ERASER CARAMEL

Dual-purpose eraser and cleaner for dry media. Designed to crumble while removing unwanted marks keeping the paper surface unscarred. As it crumbles, it creates a fine dry powder which cleans the surface by absorbing graphite, charcoal or any dry media and dirt.

433 01

KNEADABLE ERASER

This extra-soft kneadable eraser is an indispensable tool when working with Pastel, Charcoal or Graphite products. It absorbs the chalk dust by blotting and wiping the surface, without damaging the drawing paper. Simply remove rubbings from the eraser when necessary. The kneadable eraser can be shaped easily into any form for precision work.

432 20

ART BAG

Practical artist's bag made of durable material with removable individual pencil holder, brush protection case with zip fastener and large front compartment with ventilated power supply. Adjustable outer straps for easy transport of roll material

430 41

BATTERY-OPERATED ERASER

The battery-operated eraser guarantees precise and fast erasing and is economical and easy to use. The eraser refines marks and amends small areas in drawings. The long-lasting erasers are easy to replace. Batteries are required for operation (not included). 10 erasers included.

434 01

REFILL PACK

For battery-operated eraser.

434 02

MONOLITH ERASER

Soft, white eraser made from genuine natural rubber. For erasing, retouching and removing marks from lead pencil drawings. Available in small (50 x 25 mm) and large (65 x 30 mm).

Shop presentation

We offer alternative ways of presenting the acrylic PAD displays in shops: attached to a rotatable big metal display which holds 15 PAD displays or standing alone on a PAD pedestal with sets including test block or hanging on a blister wall panel.

PAD DISPLAYS

*ROTATABLE
 METAL DISPLAY*

Item No.: 10000-0452
 for 15 PAD Displays
 size 200 x 35 cm

*ROTATABLE METAL DESK
 DISPLAY*

Item No.: 10000-0290
 for 3 PAD Displays

*PAD PEDESTAL
 WITH TEST BOCK*

Item No.: 10000-0341
 for PAD Display and sets
 including test block

10000-0452

10000-0290

This rotatable metal display holds 15 PAD Displays. All three levels are fully rotatable. CRETACOLOR's PAD Displays are a great way of displaying a wide range of different pencils on a limited amount of space. Bonus: the lower part can also be used as storage. Check out our wide range of PAD Displays and choose according to your needs!
